

Build a brighter business

Managing a growing business and its legal needs can be difficult. Hiring lawyers can be costly, drawn-out and daunting.

Good news. It doesn't have to be that way.

Grow with Mi Business

Our Mi Business package is specially designed to help small and start-up businesses grow. Mi Business is a commercial legal retainer that wraps up a year's worth of commercial legal support into one simple, fixed price. No hidden charges. No nasty surprises.

One personal legal package

One contact

A lawyer to call direct whenever you need help

One price

12 months' legal support for £425 a month or £5100 a year plus VAT

One flexible service

We adapt and grow with you

The retainer covers all day-to-day commercial legal advice and assistance including:

- commercial contracts
- data protection
- terms and conditions
- IP exploitation
- website compliance
- online trading

How it works

Mi Business is ideal for businesses with a turnover of up to £2m and up to 30 employees. It allows you to access commercial legal advice early and prepare for issues that might become contentious later on. It also means you can always get the best help available to produce the legal documents you need throughout the year.

The annual retainer covers day-to-day commercial legal advice. If you need help on projects, disputes, or more complex transactions we can agree a price separately, so you're always in control.

What's included in these charges?

24 hours' legal advice on the areas listed to the left. This includes reviewing and drafting documents, dealing with enquiries by telephone and email and documenting plans of action and advice.

We will get to know you and your business and our advice will be tailored specifically for you and to meet your business' needs.

You also get:

- New business checklist
- 4 hours per year with your allocated lead to discuss broader strategy
- Website health check
- E-newsletters/updates on areas of relevance to you
- Free place at our contract training
- Invitation to our quarterly data round-up
- Access to our network including accountants, banks, funders and trademark/patent attorneys
